Deliverables Specification

INV-002 — VIE Market — Scope of work delivered February – March 2026

DELIVERABLE 1 — LIVE DASHBOARD APPLICATION

Cloud-hosted (Vercel), mobile-responsive real-time dashboard connected to Square POS via Supabase with automated hourly data sync. Accessible 24/7 from any device.

Overview — KPI Cards & Charts

12 animated KPI cards with period comparison

- Net Sales, Gross Sales, Cafe/Retail Net Sales split
- Transactions (Cafe/Retail), Customers, Average Sale (Cafe/Retail)
- Labour Cost & Labour vs Sales % with Cafe/Retail split
- Avg Profit Margin — weighted by sales mix (Cafe/Retail)
- Real Profit Margin — after COGS + labour (Cafe/Retail)
- Real Profit $ — after COGS + labour
- Interactive multi-metric trend chart with moving average
- Flexible period selector: today, week, month, quarter, FY, custom

Members & Loyalty

Full member intelligence with loyalty program analytics

- Member KPIs: active members, revenue %, avg spend, visit frequency
- Status classification: Active, Cooling, At Risk, Churned
- Per-member: all-time vs 30-day spending, Cafe/Retail split, trend %
- Loyalty points tracking: lifetime, redeemed, available balance
- Sortable, searchable member table with CSV export
- Historical member revenue chart with comparison periods

Inventory & Stock Intelligence

Real-time stock monitoring with predictive reorder alerts

- Stock Value (GST inc./ex.), Retail Value, Avg Margin
- Alerts: Critical, Low, Watch, Overstock, Dead Stock
- Per-item: velocity, sold 7/30/90d, days of stock, sell-through %
- Multi-filter by category, vendor, alert level
- Sortable/searchable table with CSV export

Staff & Labour

Labour cost computation with award-rate compliance

- Per-staff earnings: weekday, Saturday, Sunday, public holiday rates
- Configurable hourly rates editor with historical support
- 80/20 Barista split (Cafe/Retail labour allocation)
- Daily labour cost chart and shift-level breakdown

SMS Campaigns

Campaign-ready infrastructure for member re-engagement

- Member segmentation by status, spend level, and activity
- Campaign creation interface with target audience filters

Settings & Configuration

System configuration and category management

- Cafe vs Retail category classification
- Staff rate configuration
- System and integration settings

DELIVERABLE 2 — BUSINESS IMPROVEMENT PLAN

Comprehensive data-driven analysis with 6 prioritised actions, delivered as PDF and Markdown.

- **Monthly performance analysis** — Net sales, transactions, avg sale, labour cost, labour %, and Cafe/Retail mix trends (Aug 2025 – Mar 2026)
- **Profit squeeze diagnosis** — Root cause analysis of labour cost growth outpacing revenue
- **6 prioritised actions** — Labour scheduling control ($60-96K/yr impact), average sale uplift, retail category mix optimisation, member program leverage, dead stock clearance, weekly performance review cadence
- **KPI targets** — Measurable targets with timelines (Labour ≤24%, Avg Sale ≥$24, Real Profit Margin ≥25%)
